## CRESCENT A. A. TO MEET CONN. MILLS

That there will be a real battle for bleed in the Town hall, Danielson, tonight, is indicated by the rivalry between Conn. Mills team of Danielson and the local Crescents. The battle is for the heakenball championship of eastern Connecticut. Both teams are now tied at two wins each, and the team winning this game is available to enter into the state championship series. Both the Conn. Mills team and the Crescent aggregation are the only teams qualified to play for the eastern Connecticut championship. The Emeralds of Willimantic were eliminated on New Year's when they took two good wallopings from the local Crescents. Manager Pellerin of the Conn. Mills team says that his boys will win but refuses to give out his lineup for the game which indicates that there will be a few dark horses in the lineup. Manager "Jake" Benoit of the Crescents says there is nothing to it, and that the Danielson manager will need an entirely new toam to win, and a good one, too. Those who know "Jake" best have every confidence in him producing a winner in this, as in other series. When asked what his lineup would be, "Jake" replied, "Ive got a good bunch and they are worth going shies to see." So the fans will follow the Crescents to Danielson strong with plenty of "iron men" to back them up. So anyone looking for a good basketball game full of life, pep follow the Crescents to Danielson strong with plenty of "iron men" to back them up. So anyone looking for a good basketball game full of life, pep and everything else that goes with it should see this one.

W. D. Alexander of Cincinnati, were all reelected for another term in of-tice. Secretary A. L. Langtry of Milwaukee, and Treasurer F. I. THE COMPANY. The Ashland Cotton Company was incorporated in 1863 when the Company received its Corporate charter by special act of the Connecticut State Legislature. It has specialized in the manufacture of sateens for more than fifty years and its product enjoys an enviable reputation in the trade.

PLANT. The Company operates an extensive plant at Jewett City, Conn., with 29,496 spindles and 1100 automatic looms. The Company owns and operates a modern hydo-electric development with modern steam turbo-generator power plant. Eighty per cent of the entire mechanical equipment is new within the past two years.

ASSETS. The book value of not assets is approximately \$300 per share of this issue of Preferred stock. On the actual value of the property and plant equipment the assets are approximately \$400 per share. Over \$250,000 of modern tenement houses are written off the books and the mechanical equipment is written off at the rate of 20 per cent. per annum, where machinery is operated day and night as at present.

EARNINGS. The average annual earnings for the past four years were approximately \$120,000 equivalent to nearly three times the amount required for dividends on this issue of Preferred stock.

GENERAL. The output of the Company is approximately 6,000,000 yards of sateen per annum. The Company is now operating day and night to fill orders now on hand sufficient to keep the mills operating several months in

The Company provides for its operatives modern housing facilities and has now nearing completion twenty-eight now homes, all beautifully designed and located on the Riverside. The Company also furnishes a club house with various pecreations for the exclusive benefit of operatives and their families. The result of the management's policy is freedom from labor troubles as is particularly evidenced by the fact that they have had no strilles for over ten years.

PREFERRED STOCK PROVISIONS. This stock is Preferred as to dividends and assets. Exclusive voting power reverts to the Preferred steck on the non-payment of six quarterly dividends. The Company agrees to retire 3 per cent. of outstanding Preferred stock annually, beginning with 1923. No mortgage or lien can be placed on the property without the consent of 75 per cent. of the Preferred stock.

PURPOSE. The proceeds from the sale of this issue of Preferred stock are to be used to fund the debt incurred for recent plant expansion and to increase and extend the business.

PARTICIPATING DIVIDEND FEATURE. This issue of Preferred stock participates in extra dividends with the Common stock to the extent of one-half the difference between the Preferred rate and any dividends on the Common stock in excess of 8 per cent.
